

**THE**  
*Southpaw*  
**Preachers**

## **THEY ARE**

A high-energy, highly funky act which draws inspiration from an eclectic mix of soul, funk blues, jazz, hip hop, R&B, and hard-hitting rock n' roll. Their mission is to update and honor classic and contemporary soul music while incorporating their own unique and deeply groovy flare.

Whether performing a formal award banquet or a relaxed backyard party, their catchy sound, exemplary musicianship, and friendly professionalism have set them apart in the Texas music scene since 2013.

## PACKAGES

Band size is customizable in order to accommodate a wide range of budgets and venues. Each package includes all instrumentation, backline, and a basic PA system. Stage lighting and full-size PA are available upon request. Clients may choose from several band format options for a 1-4 hour performance:

### TRIO

Perfect for small gatherings or venues where volume may be an issue, but funky enough for dancing.

### QUARTET

Guitar or additional keyboard is added to thicken the sound and add soloing variety.

### THE SOUTHPAW PREACHERS BAND

Vocals, keys/keybass, organ, drums, guitar. This is the original Southpaw Preachers dance band and is the most popular band format.

### UP THE FUNK

Please note that clients may add anywhere from 1-4 horns to any size band. We personally recommend adding funky trombone to \*everything\*.
